INFORMATION REQUIRED BY THE PLANNING INSPECTORATE

Health and safety at the site questionnaire

An Inspector may need to visit the site(s) and will need to know what safety equipment and protective clothing to bring. The following questions indicate the type of information the Inspector will need about the site and any land or building that the Inspector will need to enter. Please supply any additional information on a separate sheet of paper

1. Is the site uneven or does it present any other known risks? Is special footwear or any other Personal Protection Equipment required, and will this be supplied at the site?

No known risks. No special footwear or PPE required.

2. Is there any likelihood of exposure to pets or other animals which may present a risk to the safety of the Inspector?

No. However the land is common land and there may be people walking dogs in the vicinity of the proposed site.

3. Is the site remote and/or can it be seen from other occupied buildings/property/public land/roadside?

The site is within a parcel of common land next to a bowling club. The common land is set within a village and a short distance from the nearest road.

4. Does the site have a good mobile phone signal or is there easy access to a public telephone should the emergency services be required?

Yes

5. Are there any areas that require specialist equipment or training for access – any confined spaces?

No

6. Are there any dangerous pieces of equipment or substances stored at the location?

No

7. Is there any likelihood of exposure to chemicals, asbestos, radiation or are there any other risks, requiring the use of Personal Protection Equipment, which may affect the health & safety of the Inspector? (Asbestos is referred to directly as it was present in buildings built before it was banned in 1977).

No

8. If there is any other relevant information which the Inspector should be aware of that is not covered in this questionnaire?

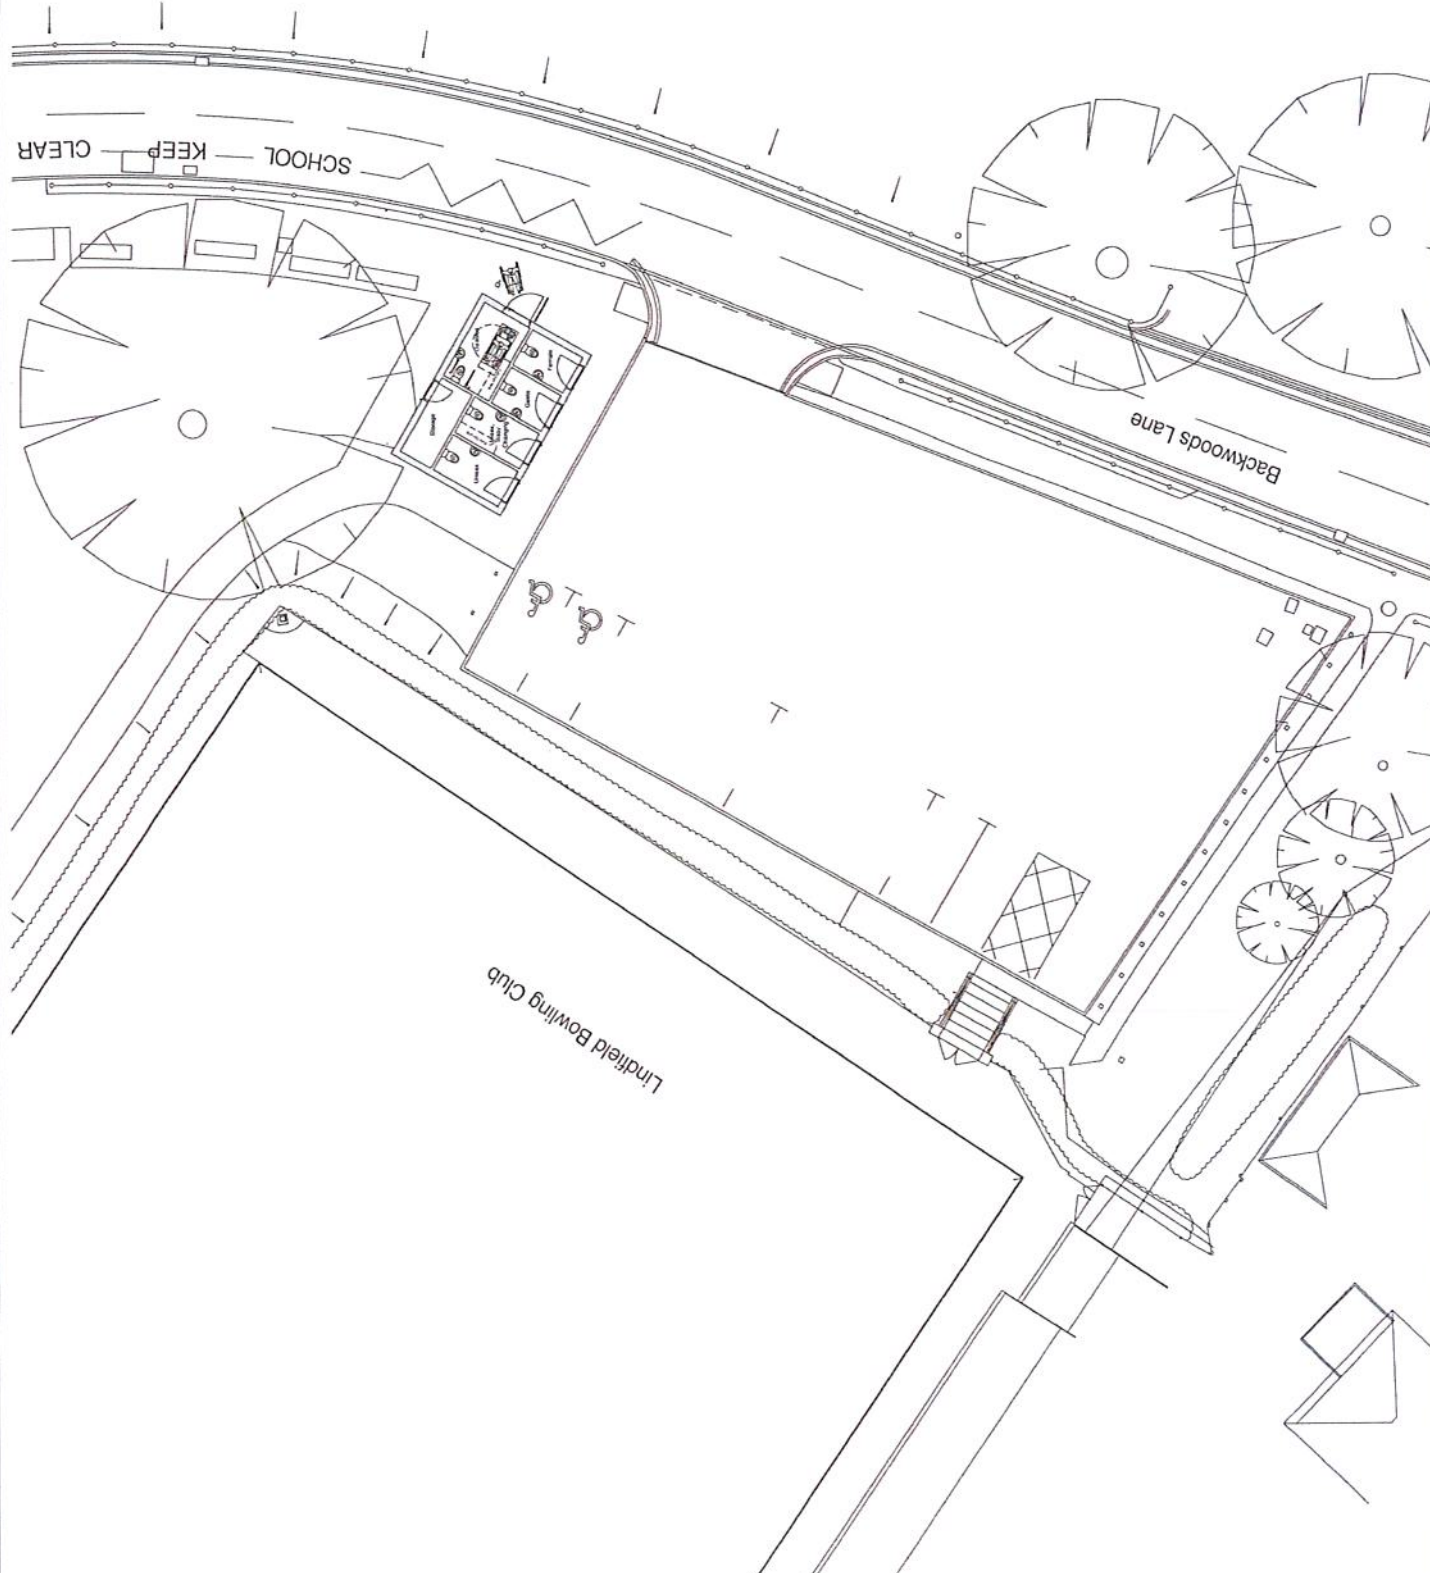

No
