

# Lindfield Parish Council

## Plan 2023-2027

# Introduction

This is a statement of Lindfield Parish Council's (LPC) draft plan for Lindfield. It states our vision, aims and objectives for the period 2023-2027. It sets out what LPC does now, aims to achieve in the future, either directly or increasing its influence on the relevant delivery body, such as the District (MSDC) or County Council (WSCC).

An agreed plan for the future will enable LPC to operate in a more forward looking, consistent and coordinated way. It will also help LPC with the setting of its budgets.

The plan will be updated regularly and reported against, enabling LPC to track and monitor its progress against key priorities and develop new objectives as circumstances change. Budgets and the level of co-operation will impact on delivery timescales. It is our intention that each year at the Parish Meeting the Chair will set out our current progress. Reviews of the plan will take place each year at a Full Council meeting.

Some projects can be delivered by us, others will require collaboration with outside agencies for example MSDC, WSCC etc. Some projects will be achieved in a short period of time, others may take longer depending on funding availability and external co-operation.

# Vision

Support the community and ensure Lindfield continues to develop as an attractive place to live, work, visit, recognising its rich heritage and looking forward to embracing the benefits offered by environmental and technological advances.

# Aims

Village environment	To maintain Lindfield as an attractive place to live, work, and visit.
Community engagement	To increase working relationships between the council and the Lindfield community. Understand and act on the needs or issues of community experiences, helping to achieve positive change. Use the most appropriate tools to share information relating to council assets & services, promoting tourism and obtaining community feedback.
Effective engagement with local authorities	Maintain and build good working relationships with other local authority stakeholders.
Environment and sustainability	Recognise the threat of climate change and help the community tackle the environmental emergency at a local level.
Health and Wellbeing	Increase the health and well-being of the community.
Governance	Maintain proper arrangements to ensure that the Council's intended objectives are achieved and that it remains financially sustainable.
