Committee Meeting:	Full Council
Item:	5
Report of:	Councillor Trevor Webster
Date:	24 th July 2025
Subject:	Chairs update

Purpose of Report:

1. The purpose of this report is to update members on any significant actions and matters arising since the last meeting. The content of this report is for information only

Recommendation(s)

Members are recommended to:

a) Note the content of this report.

Background

2. As per previous meetings, a Chair's update will be presented at each Full Council meeting.

3. **Detail**

3. 1 Resident Engagement.

The council had stands at both the Eastern Road Nature Reserve Open Event on 10th May and Village Day on 31st May – our thanks go to all Councillors and staff who helped make our stands engaging and informative.

The feedback will be considered by the Communications working party to inform other engagement events. Councillors are encouraged to give feedback to the working party.

3.2 <u>Co-opting of Councillor.</u>

We have been informed by MSDC that residents have not requested a by-election. We will now implement the co-opting procedure.

An advert is currently out, and once expressions of interest have been received, we will be planning for applicants to have a short interview at Full Council.

Councillors will be able to vote based on the content of the application and the replies to the interview questions. The governance around this process will be communicated to you before the interviews are conducted.

3.3 Agenda format.

A trial of an amended agenda layout is currently being undertaken. The aim is to group all "Items for decision" within an early part of the agenda, and items for "information only" later on in the agenda.

The purpose is to better use council time, focusing on "items for decision" considering and discussing the recommendations. All "items for information" will receive just a brief introduction at the meeting with members, then able to read the items before or post the meeting.

If successful, we can consider rolling out to all the committees.

Item:	7.1 a
Report of:	Parish Clerk
Meeting Date:	24 July 2025
Subject:	Haywards Heath Town Council Community Governance Review(2025).

Please refer to the background documents for the consultation and supporting information.

Purpose of Report:

To agree on a consultation response to a Community Governance Review (CGR)

Recommendation(s)

Members are recommended to:

- a) Submit a response to Mid Sussex District Council (MSDC) setting out its position on the proposed transfer of Haywards Heath North East(HHNE) from Haywards Heath Town Council (HHTC) to Lindfield Parish Council(LPC).
- b) Not to put forward any suggestions that would see existing areas of the Parish transferred to other authorities.

Background

- 2. The Parish Council have been asked to comment on the HHTC Community Governance Review (CGR) 2025. It was agreed at our June meeting to seek input from members and provide a summary of views received. The consultation considers three points, of which two are relevant to this Council:
 - LPC Whether to move the existing town council ward of HHNE to LPC. This proposal is that this town council ward would move from HHTC to LPC.
 - Other related matters which may arise during the review in response to representations received, will be considered as appropriate.

Comment/considerations

- 3. The following summarised comments have been received from members:
 - Generally in favour of the proposal.
 - The natural boundary between Lindfield and Haywards Heath is defined by Summerhill Lane, Portsmouth Lane, and High Beech Lane. It makes little community sense to extend Lindfield westward beyond this line. While the proposed extension area currently falls within the MSDC Lindfield Ward, the anticipated abolition of MSDC removes any justification for aligning parish and district boundaries.
 - Contrary to the current configuration, the contributor feels that Roundwood Lane and Brook Lane—currently part of Lindfield Parish—do not share a meaningful connection with Lindfield and supports their exclusion from the parish. Conversely, they suggest that Town Wood Close (Lindfield Rural) should be included within Lindfield Parish, as its exclusion has always seemed incongruous.
 - Parish boundaries should reflect genuine community identity rather than being driven by numerical voter equality, which they feel is overly prioritised by the Boundary Commission.
 Residents, in their view, are more concerned with preserving village and community identity.
- 4. Officers have made the following points:

- The proposed changes would align better with the District Ward members' boundaries. We
 will continue to have District Councillors until 2028. At this stage, no one knows what the
 boundaries will be for the anticipated unitary authority.
- Areas such as Gatesmead, Birchen Lane and Portsmouth Lane had been included in the deliveries of Parish Council literature as they were viewed as part of the village community.
- Historically, Lindfield has included all of the HHNE ward (up to the 1970s).
- No residents of the Parish have expressed views to the office that they want to be part of Lindfield Rural or Haywards Heath.
- 5. The following summarised comments have been received from members of the public:

5.1 Lindfield residents:

The resident lives on the west side of High Beech Lane, within the Lindfield boundary, and notes that both they and their neighbours consider themselves part of the Lindfield community. Many regularly use the village's amenities—such as shops, pubs, restaurants, and green spaces—either on foot or by car. It is also observed that residents of nearby roads like Birchin Lane, Gatesmead, Gander Hill, and College Road share a similar connection to Lindfield, although they may also use facilities in Haywards Heath depending on their needs.

The resident supports the CGR proposal to extend Lindfield's boundary up to the railway line and north of Gander Hill/College Road. This extension is seen as logical from a historical perspective—since the area was part of Lindfield until the 1970s—and from a geographical and electoral standpoint. Additionally, walking or cycling to Lindfield is often more convenient than travelling to Haywards Heath, making Lindfield the more natural centre for local activity.

In conclusion, the CGR proposal is viewed as sensible and appropriate, reflecting historical boundaries, electoral alignment, and the everyday habits and preferences of local residents.

Another resident has suggested that Lindfield would be better served by merging Lindfield and Lindfield Rural.

5.2 Haywards Heath resident:

The HHNE ward resident asked us for the advantages & disadvantages of the proposals, having received a flyer published by HHTC (appendix 1).

Financial Implications

6. Tax base – The tax base is the number of band D equivalent properties in the Parish. The figure is adjusted to take account of any discounts (for example, single occupancy, second homes, etc). The tax base figure is used to calculate the Band D charge for each Parish.

A reduced tax base will increase council tax rates. An increasing tax base could decrease the council tax rates.

As an example

	Example 1	Example 2	Example 3
Tax base	2,700	2,800	2,900
Precept request	£ 300,000	£ 300,000	£ 300,000
Band D annual charge	£ 111.11	£ 107.14	£ 103.45

Full Council 7.1 a

Dear Resident,

Community Governance Review for Haywards Heath - Reminder Letter

Mid Sussex District Council is currently undertaking a Community Governance Review for Haywards Heath Town, which could potentially have an effect on the administrative boundaries of the neighbouring Parish Councils including Lindfield as well as those of the Town of Haywards Heath.

What is a Community Governance Review?

A Community Governance Review is a way for councils to make sure that, at the town/parish level, governance arrangements are working as efficiently and effectively as they should be. This is achieved by asking the public, town/parish councils and any interested parties whether they feel their communities are suitably represented and whether town/parish councils would like to see any changes made to their current governance arrangements.

Draft Proposals

As a result, Haywards Heath Town Council would like to draw to your attention to the proposed changes that could affect the area you live within, as presented in the attached map.

If supported through the Community Governance Review process that would result in your property moving from Haywards Heath Town into Lindfield Parish from the date of the 2027 local election.

Haywards Heath Town Council opposes the proposal that these houses be taken out of the Haywards Heath's administrative boundary on the grounds that the area of Haywards Heath North East is set within the Town Boundary and has been in the town since the town council was created and is part of the Haywards Heath Neighbourhood Plan.

Currently residents use and will continue to use core services and facilities in the Town of Haywards Heath and have little relation to Lindfield village centre.

The move from Haywards Heath Town into Lindfield Parish would increase your council tax. For comparison, the annual Band D tax rate currently applicable in Lindfield is £100.99 compared with £72.72 in Haywards Heath.

Consultation Process

The consultation is live now on the Mid Sussex District Council website at www.midsussex.gov.uk/elections-voting/community-governance-reviews/ and the closing date is 8th August 2025.

This is a first stage of consultation, containing draft recommendations which commenced on Monday 9th June 2025, and concludes on Friday 8th August 2025. The responses will be considered by Mid Sussex District Council with final recommendations being consulted upon as a stage two consultation, commencing in mid-September 2025, with a formal conclusion being made in early 2026.

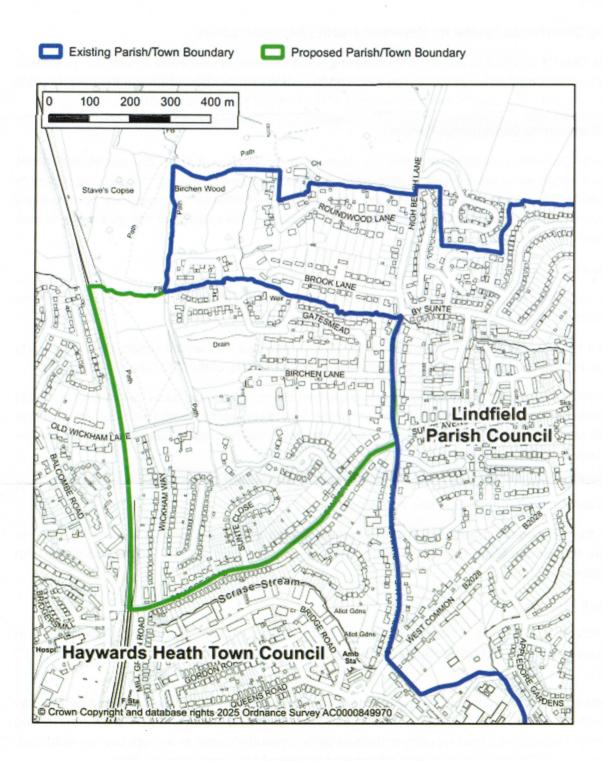

The Town Council encourages you to visit the consultation portal and make your representation.

More information

Haywards Heath Town Council offers comprehensive local services to town residents. Our website can be found here: Haywards Heath Town Council | To Serve The People Well and will help with additional information about the Town Council's work for the people of Haywards Heath.

Committee Meeting:	Full Council
Item:	7.4 a
Report of:	Parish Clerk
Meeting Date:	24 July 2025
Subject:	Village Archive Management Policy

Purpose of Report:

Members are asked to consider a proposed Village Archive Management Policy

Recommendation(s):

Members are recommended to:

- a) Confirm its position relating to the two proposed amendments.
- b) Agree to implement the Management Policy.

Background:

- At E&A on 6th February 2025, members considered a proposed Village Archive Management Policy. The minutes of the meeting state:
 - 203.1 Members considered the draft Lindfield Archive policy document. Two points were raised. Firstly, items borrowed from the Archive (by third parties for organised events) should be returned on the day or within 24 hours of the end of the last day of their event. Secondly, the Archive policy should allow for artefacts not listed in the collection policy to be retained if they are of local value.
 - 203.2 It was **agreed** to recommend the Lindfield Archive policy to the Full Council, who would be asked to consider the two proposed amendments.

Considerations:

- 3. Third-party returns
- 3.1 The proposed amendment reads as follows:
 - 7.3 Items may be loaned to local organisations or individuals for exhibition purposes with the knowledge of one or more LAWG and the Clerk. The Volunteer Archivists shall take overall responsibility for the items to ensure their safe return. A loan form must be completed before the item is removed from the Lindfield Archive. Items should be returned on the day or within 24 hours of the last day of the event.
- 4. Artefacts
- 4.1 The Council has extremely limited space in the archive, and it is only suited to storing documents. Recognising this, we could state:
 - 5.8 The Archive does not retain artefacts due to limited storage space. In exceptional circumstances, consideration will be given to artefacts of significant historical value where there is a risk that they will be lost or destroyed.

Appendix 1 - Lindfield Archive Management Policy

LINDFIELD ARCHIVE AIMS, OBJECTIVES AND MANAGEMENT POLICIES

1. INTRODUCTION

1.1 This document defines the Aims and Objectives together with the Management Policies, to meet the responsibilities imposed by these Resolutions plus the general obligations inherent in maintaining an archive for public benefit.

2. AIMS AND OBJECTIVES

- 2.1 The Lindfield Archive [the Archive] is the repository for documents and other media [the Archive Collection] relating to Lindfield maintained by the Lindfield Parish Council [LPC].
- 2.2 The aim being to provide for public benefit a local source of material that may not otherwise be generally available.
- 2.3 Accordingly, LPC will accept, collect, create and hold primary and secondary material, within the terms of an agreed collection policy, that provides a record of those aspects of the community's life, people and development that may be of historical or future interest. Such material being owned by the LPC will be stored in accordance with recognised good practice.
- 2.4 It is not the purpose of the Archive to hold items more properly retained by other public bodies or organisations.

3. RESPONSIBILITY

- 3.1 The Lindfield Archive is owned and maintained by LPC. LPC shall appoint a Lindfield Archive Working Group (LAWG) with specific responsibilities for the Archive.
- 3.2 The LAWG shall determine the Archive's policies for LPC approval and ensure that proper procedures are in place for the development, administration, storage and security of the Lindfield Archive together with public access.
- 3.3 Volunteer helpers may be co-opted by the Environment & Amenities Committee to assist in all aspects of maintenance and development. All duties to be undertaken under the general guidance of the Clerk and or LAWG.

4. AUTHORITY

- 4.1 Lindfield Archive is the name of the repository maintained by the LPC. Accordingly, Lindfield Archive is not a separate entity and having no vested powers cannot act on behalf of the council, nor authorise any actions
- 4.2 Authority is vested in LPC and all agreements and actions must be undertaken in the name of LPC and be authorised by the Clerk, in conjunction with the LAWG.
- 4.3 Volunteer helpers are not authorised to act in their own name in respect of any matters relating to LPC or the Archive.

5. COLLECTION POLICY

- 5.1 LPC Operates a Collection Policy which governs the nature and scope of the material that may be collected. The focus of the Archive Collection is Lindfield Parish and by its very nature it is an artificial archive. That is to say it is derived from numerous sources with many items having an uncertain provenance.
- 5.2 In maintaining this local collection for public reference it is not the LPC's intention to cause fragmentation to the archival record of the area or to usurp the role of the West Sussex Records Office or other public repositories. The continued development of the Lindfield Archive should serve to increase awareness with the local collection of material bringing into the public domain items that would otherwise have remained unavailable or been destroyed.
- 5.3 In this regard the Lindfield Archive will act as a provider to the West Sussex Records Office and, as appropriate, other collections in the area. It is not the role of the Archive to hold original items which are more properly held by other official public repositories with whom close liaison will be maintained.
- 5.4 The overall objective is to contribute towards the body of original documents and their conservation, together with the creation of a comprehensive social record of Lindfield for public reference. It is recognised that fulfilling this role, may result in copy material being held. This is nevertheless regarded as acceptable for local usage.

5.5 The Archive may acquire and hold only those items that comply with the following collection Policy:

"Primary and secondary material, either originals or copies, that comply with the following criteria:

- Documents and other written or printed items
- Visual images including drawings, paintings, prints, photographs and recorded images
- Maps
- Audio recordings
- Electronically or digitally recorded media
- 5.6 Such material shall provide a record of those aspects of the community's life, people and development that may be of historical or future social interest. The material must be relevant to the territory within the remit of LPC or the immediate environs of that boundary. For historical material this territorial limit may be extended to the Lindfield Parish boundary as defined by the Tithe Map 1844.
- 5.7 Additionally, considerations will be given to material relating to Lindfield, Australia.

6 ACQUISITIONS

- 6.1 Accessions to the Archive may accrue through donations, collection or the specific creation of a record and in very exceptional circumstances purchase. All acquisitions must comply with the current Collection Policy. Any purchases must be vetted by the Clerk in conjunction with one or more of the LAWG.
- 6.2 LPC encourages and welcomes donation offers from the public and local organisations.

7 ACCESS

- 7.1 The Lindfield Archive is provided for the benefit of the public and local organisations and shall be publicised as considered appropriate by the LAWG. LPC encourages its use and public access will be permitted for reference purposes at any reasonable time as shall be agreed by the Volunteer Archivists and Clerk of the Council. LPC recognises the importance of equal access and special arrangements will be made to enable persons with disabilities to gain access to items in the Lindfield Archive and the information contained therein.
- 7.2 Any members of the public wishing to view the collection in the Parish Office must be accompanied by a Volunteer Archivist at a time when the office is staffed or on specific occasions a volunteer helper as delegated by the Clerk in conjunction with a member of the LAWG.
- 7.3 Items may be loaned to local organisations or individuals for exhibition purposes with the knowledge of one or more LAWG and the Clerk. The Volunteer Archivists shall take overall responsibility for the items to ensure their safe return. A loan form must be completed before the item is removed from the Lindfield Archive.
- 7.4 Enquiries received from the public will be answered whenever possible. The searches and responses shall normally be undertaken by a Volunteer Archivist without cost to LPC. Any costs associated with the loan of items or enquiries shall be paid by the borrower/enquirer.

8 DEPOSITS

8.1 A deposit form must be completed by the donor before the item(s) is accepted into the Lindfield Archive.

9 INTERNET

9.1 The Clerk and LAWG will consider how the Lindfield Archive catalogue can be made more accessible using the LPC's website. This will take place once the Lindfield Archive has been fully catalogued by the Volunteers Archivists.

10 PUBLICITY

10.1 Publicity of the Lindfield Archive must be signed off by the Clerk in conjunction with the LAWG.

11 REVIEW

11.1 The Aims and Objectives and Management Policies together with the operation of the Lindfield Archive shall be reviewed from time to time by the LAWG. Any changes deemed necessary shall be effected or recommended to the Council for approval as necessary.

12 COPIES & PHOTOGRAPHS

12.1 Visitors to the Lindfield Archive must ask permission to copy and or photograph any items. This must be submitted to the Clerk in conjunction with the LAWG.

Committee Meeting:	Full Council
Item:	7.4 b
Report of:	Parish Clerk
Meeting Date:	24 July 2025
Subject:	Internal Communications – F&GP Recommendation

Purpose of Report:

 Members are asked to consider an F&GP recommendation regarding internal communications.

Recommendation(s)

Members are recommended to:

a) Confirm the F&GP recommendations.

Background

- 2. At F&GP 29th May, members considered a report on communications. The report set out that the Communications Working Group met on the 1st April and considered various matters. At this meeting, a member of the Council attended to provide a proposal relating to the use of Microsoft Teams (or similar platforms) instead of email. Members are therefore asked to consider the following and make recommendations to Full Council (24 July):
 - To clarify the position on the use of email as the primary form of internal communications.
 - To confirm that any alternative trials are to be agreed upon by the relevant committee(s) and must include a clearly defined scope and safeguards. The launching and management of any agreed trials will be undertaken by Council Officers.

When considering this item, members are asked to consider the following:

- The need for a consistent approach.
- Limited staff resources.
- The office is responsible for the management of the council's records and IT systems.
- 3. The minutes of the meeting state:

After having given the matter full and careful consideration, it was **AGREED** to **RECOMMEND** to Full Council the use of email as the Lindfield Parish Council's primary tool of internal communications.

It was **FURTHER AGREED** to **RECOMMEND** to Full Council that any alternative trials are to be agreed upon by the relevant committee (s) and that these must include a clearly defined scope, including safeguards. The launching and management of any agreed trials will be undertaken by Council Officers.

Considerations

4. Council is asked to confirm the position relating to internal communications and trials.

Committee Meeting:	Full Council
Item:	8
Report of:	Councillor Trevor Webster
Date:	24 th July 2025
Subject:	Plan 23-27 monitoring report

Purpose of Report:

1. The purpose of this report is to update members on the progress we hive made to implement the objectives contained within the village plan.

Recommendation(s)

Members are recommended to:

- a) That members note the content of this report.
- b) That members agree that an updated monitoring report is included as a standard item in all future Full Council agendas.
- c) That members agree that all committees be asked to include this as a standing item at all their meetings, resulting in them checking and updating their sections and submitting any amendments to the Parish Clerk.

Background

2. Plan 23/27 was agreed by the council as an expression of the council's vision, aims and objectives for the period 2023-2027. It was agreed that it would support the council to move forward in a consistent and coordinated way. It would also help with the setting of budgets.

This is the first monitoring report of its type. The purpose of the report is to detail what the council has already achieved and to focus on what else needs to be done to complete the plan by 2027.

It will also help to focus on budget setting up to 2027.

Options

3. The council could opt to reject the monitoring report; however, it is considered that the successful delivery of the objectives would be less likely in this case.

Committee Meeting:	Full Council	
Item:	9.5	
Report of:	Parish Clerk	
Meeting Date:	24 July 2025	
Subject:	Clerk's Report	

Purpose of Report:

1. Members are asked to consider a proposed Village Archive Management Policy

Recommendation(s):

Members are recommended to:

a) Note the updates.

Updates:

Festive Lighting

We have received submissions that the moderation panel will now review.

3. Photocopier

Quotes have been received and shared with the F&GP Chair & Vice Chair.

4. VE & VJ 80 Event

The council has successfully applied to MSDC for a grant fund towards the event. Our archivists have been working hard to produce displays for the event. We have obtained permission from MSDC to install bunting around the inner pond post and railings.

5. <u>Solar</u> Panels

Quotes for solar panels on the Clock Tower House have started to be received. This will be considered by F&GP and then Full Council.

6. Grit bin audit

The Village Orderly has undertaken the audit. The Clerk will be updating the WSCC portal appropriately.

7. Denmans Lane Toilets

Unfortunately the toilets were subjected to graffiti. We have attempted to remove this but some has been scratched in. The Village Orderley and Clerk will together attempted to sand this out.
